LUCERNE ACADEMY FOR HUMAN RIGHTS IMPLEMENTATION

UNIVERSITY OF LUCERNE

THE LUCERNE ACADEMY

The Lucerne Academy is a worldwide unique human rights program held in the heart of Europe at the University of Lucerne, Switzerland. Aside from a variety of courses taught by distinguished professors, participants will litigate a hypothetical case and learn how to incorporate the knowledge earned during classes into the actual work of defending human rights. Accompanying lunch-time seminars will provide the platform for interaction between participants and practitioners. To round off the program, the Lucerne Academy will immerse into the workings of the United Nations in Geneva and the European Court of Human Rights in Strasbourg during its excursions.
