Living in Worms

Welcome to one of the oldest and most welcoming cities in Germany! The city of Worms has a lot to offer for visitors and residents. With a rich history stretching back to the 5th century A.D., and the natural beauty of the surrounding Odenwald forest and mountainous Palatinate region, Worms is a beautiful and entertaining place to call home. For lovers of culture, Worms is packed with sights like for example the cathedral of St. Peters. Worms was the sight where Martin Luther defended his theses before the emperor and the city of Worms is also the birthplace of the famous Nibelungen saga.

Throughout the year, the city holds a number of festivals, including a drama festival celebrating the Nibelungenlied (Nibelungen saga), a jazz festival, and the biggest annual wine festival on the Rhine River in Germany. As an international student at the WUAS, you will have opportunities to enjoy these activities with your fellow students as well as with members of the local and regional community.
